

SRI LANKA ACCREDITATION BOARD
for CONFORMITY ASSESSMENT

RULES & PROCEDURES
***for* ACCREDITATION OF PROFICIENCY**
TESTING PROVIDERS (PTP)

ACCREDITATION SCHEME FOR PROFICIENCY TESTING PROVIDERS (PTP)

RULES & PROCEDURES

1. Introduction

The Sri Lanka Accreditation Board for Conformity Assessment (SLAB) is the National Accreditation Authority of Sri Lanka established under Act No. 32 of 2005. The SLAB offers accreditation services to bodies that provide Conformity Assessment Services such as Testing, Medical and Calibration Laboratories, Certification Bodies for Systems, Products and Persons, Inspection Bodies, GHG Validation/ Verification Bodies, Accreditation of Good Laboratory Practice (GLP) and Proficiency Testing Providers (PTP).

The work procedures of the SLAB for Accreditation of Proficiency Testing Providers are based on ISO/IEC 17011:2017 – Conformity assessment - Requirements for accreditation bodies accrediting conformity assessment bodies and ISO/IEC 17043:2010: Conformity Assessment- Requirements for Proficiency Testing. Preference will be given to Subject Specific Documents such as ISO 13528: 2015:- Statistical Methods for use in proficiency testing by inter-laboratory comparisons and other relevant publications by International Organization for Standardization and accreditation related publications of International Laboratory Accreditation Corporation (ILAC) and Asia Pacific Accreditation Corporation (APAC).

It is recommended to consider requirements and interpretations of ISO/IEC 17043, ISO 13528 and SLAB specific Criteria for Accreditation of Proficiency Testing Providers seeking to manage their operations and obtaining accreditation from the SLAB in order to ensure fulfilment of the requirements for accreditation. The Governing Council of SLAB or relevant advisory committees, if required, will develop specific guidelines and advice the SLAB management in the areas for which there are no ILAC, APAC or other acceptable interpretation documents available.

1.1 Scope

This document outlines the rules and procedures to be adopted when Proficiency Testing Providers (PTP) seek accreditation for their PT Schemes from SLAB. Accreditation will be granted against the ISO/IEC 17043 that are auditable or verifiable. Conformity assessment schemes/criteria for Proficiency Testing Providers are reviewed periodically by the SLAB and determine its suitability.

2. Accreditation Requirements

2.1 Accreditation Criteria

The ISO/IEC 17043:2010: Conformity Assessment- Requirements for Proficiency Testing along with ISO 13528:Statistical Methods for use in proficiency testing by inter-laboratory comparisons and Specific Criteria for Proficiency Testing Providers, Terms & Conditions for maintaining Proficiency Testing Provider accreditation and accreditation body's rules and procedures explained in this document are used as accreditation criteria for Proficiency Testing Providers.

Other common policies such as Metrological traceability, Participation in External Quality Assurance Activities, In-house calibration, Use of Accreditation Symbol etc, identified as reference documents in this document are also considered as accreditation criteria.

All applicant and accredited Proficiency Testing Providers are advised to read this document and other related documents prior to apply for accreditation and contact SLAB for any clarification/ further information, if required. If this document or documents referred in this document are revised, the SLAB will be announced in the official website (www.slab.lk) and automatically adopt those modifications in its criteria, but will give the parties concerned a realistic period of time for the transition.

Development of accreditation criteria involve a step to obtain views of interested parties and public comments prior to publication. Therefore, applicant and accredited Proficiency Testing Providers are requested to forward any written views/suggestions directly to the SLAB.

2.2 Eligibility

The applicant Proficiency Testing Provider hereinafter referred as PTP must comply with all requirements of SLAB specific criteria for PTP Accreditation indicated under 2.1 of this document.

The applicant PTP shall be a legal entity.

Where relevant, the applicant PTP or its associated subcontractors must have arrangements for participation in proficiency testing programmes and its internal quality control activities and shall comply with SLAB policy for participation in External Quality Assurance Activities (AC-RG (P) -02).

Preferably the applicant PTP must have started quality assurance activities and conducted at least one internal audit and a management review before the submission of application.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 4 of 20

3. Preparation for Accreditation

3.1 Preparing for Accreditation of Proficiency Testing Providers

The management of Proficiency Testing Providers (PTP) should decide initially to obtain accreditation under Proficiency Testing Provider Accreditation Scheme for its Proficiency Testing Schemes and shall take responsibility for all tasks in the development and operation of a proficiency testing schemes. It is important for a PTP to make a definite plan of action for obtaining accreditation and nominate a responsible person to co-ordinate all activities related to the accreditation process. The person nominated should be familiar with the PTP's existing management system, related criteria such as ISO/IEC 17043 and ISO 13528 and SLAB specific criteria for PTP and general understanding of operation of PT activities and test, measurement and inspection procedures and different technologies adopted by participants.

A request can be made to SLAB in person, by post, by telephone or by e-mail for relevant information on Accreditation. A "General Information brochure" covering SLAB Accreditation process with relevant document will be made available to prospective clients (Ref. SLAB website; www.slab.lk). The PTP should be acquainted with the Rules and procedures defined in this document, SLAB assessment procedure & methodology, Terms and Conditions for maintaining accreditation, fees relevant to the accreditation process and submit an application in the prescribed format.

PTP needs to establish the status of its existing management system and technical competence with regard to requirements of SLAB for accreditation. PTP may need to answer the following questions before making an application or filling supported documents. Is the system documented and effective or does it needs modification? Does it needs to build the quality system of the PTP from a very basic level? Does it has experience in conducting proficiency/interlaboratory comparisons?

It must be remembered that quality manual is a policy document, which has to be supplemented by a set of other documents such as procedure manuals, statistical methods and work instructions etc. to align the quality system in accordance with specific criteria of SLAB. SLAB specific criteria make reference to relevant sections of ISO /IEC 17043.

It is recommended to review relevant requirements for SLAB accreditation amongst concerned staff of the PTP and fill the self- assessment checklist (PT-FM(P)-11). This will enable PTP to understand their weaknesses and strengths. The PTP must ensure that the procedures described in the Quality Manual and other documents are being implemented.

For preparing the quality manual or verifying its contents, the PTP may get its technical personnel and subcontractors trained in SLAB's training programmes on management system for PTP personnel. Such training courses will be published from time to time or may be known by contacting the SLAB. All SLAB training programmes are conducted to impart knowledge on accreditation criteria and accreditation process. SLAB does not offer training for individual PTPs to develop its documents or related activities.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 5 of 20

3.2 Scope of Accreditation

The scope of the accreditation, often referred to as the 'scope', is defined as those activities for which the SLAB has determined that the PTP complies with the requirements. Applicant PTP shall include scope of accreditation in the Annex -01 of application (PT-FM(P)-18: Scope of Accreditation) or make reference to further document which contain same format in the application.

The scope also specifies the field of PT Schemes (Ex. Chemical, Biological , Mechanical), Product Group /Matrixes related to PT Schemes, specific PT Programmes offered and locations/sites where PT Activities are carried out. During the preliminary assessment process, the scope of the accreditation is discussed with the PTP in detail, and the nature and extent of the assessment will be based on agreed scope at the pre-assessment.

4. Accreditation Process

The accreditation process consists of registration of application followed by a resource review, document and record review, pre-assessment, initial assessment, grant of Accreditation, surveillance and re assessment.

4.1 Application and Registration for Accreditation

The PTP shall apply to SLAB in the prescribed application form (PT –FM(P)-01) for PTP Accreditation and duly filled Annexures along with one copy of the Quality manual and other relevant supporting documents/records as prescribed under clause 7 of Application (PT-FM-(P)-01).

The application shall be accompanied with the prescribed application fee as described in PT- RG (P)-01 for PTP Accreditation. PTP has to take special care in filling the scope of accreditation for which the PTP wishes to include PT Schemes in the scope of accreditation. In case, the PTP finds any clause (in part or full) not applicable to the PTP, it shall furnish the reasons and justify the situation.

Name of the PTP given in application will be continued during the accreditation process. PTP shall request in writing any changes to be made to the PTP name given in application or accreditation certificate or scope of accreditation.

Applications are not accepted and registered until the submission of required documents and application fee.

Applicant PTP may withdraw its application or discontinue accreditation process before granting accreditation. In such case, applicant laboratory shall settle all due payments, if any.

For foreign applicant/Accredited PTPs shall follow policy on cross frontier accreditation (AC-RG(P)-07) and accreditation fees as stated in PT-RG(P)-01 shall be applied for applications from foreign countries.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 6 of 20

4.2 Special Cases

- **Additional Accreditation**

If a PTP that is already accredited and wishes other field of accreditation against any recognized and accepted standard or a scope extension to existing accreditation, the procedure is same as for a new registration. However, in such case, the assessment by the SLAB may be limited to cover the areas not covered by the existing accredited system and certain specific areas as decided by SLAB.

- **Already accredited PT Providers**

In case an applicant PTP is already accredited for the applied scope by another accreditation body with ILAC, APAC membership or ILAC/APAC MRA for Proficiency Testing, the SLAB will communicate with the particular accreditation body to collect necessary information and will seek possibilities to act in collaboration with the said accreditation body when processing the accreditation application. In such circumstances, the SLAB may grant accreditation after an assessment; however, any such decision will be taken at the sole discretion of SLAB.

- **Non routine cases**

In case a PTP requests accreditation for a PT Scheme where an established standards/ guides is not available, SLAB, in consultation with the Technical advisory committee will decide on the suitability of criteria to be followed by the PTP. The applicant PTP has to submit necessary supportive documents as evidence to substantiate their claim when they seek accreditation under special cases. As result, SLAB may also require additional time for the development required competencies in the new fields and required criteria. Applicant PTPs will be notified if the SLAB requires such additional time for processing of new applications.

- **Proficiency Testing Providers with subcontractors or different sites**

Applicant PTP operating through main office and temporary locations/sites or having associated with subcontractor shall declare in the initial application or subsequent application on its PT activities in main office, temporary locations/sites as well as subcontractors and how common management system covers both main office, temporary locations/sites and subcontractors. In case of subcontractors, PTP shall ensure that subcontractors are competent for particular activities and SLAB has access to subcontractors in order to verify fulfilment of relevant clauses and their competencies to carry out subcontracted PT activities.

4.3 Acknowledgement and Registration of Application

SLAB on receipt of application, the quality manual and the fees, shall issue an acknowledgement to the PTP. After scrutiny of application for its completeness in all respects, a unique customer reference number shall be allocated to the PTP, which shall be used for correspondence with the PTP. SLAB may request for additional information / clarification(s), if necessary. An Authorized Officer under the supervision of Technical Manager of the accreditation scheme, will be appointed on behalf of SLAB to deal with the application and the case file being maintained thereafter.

If, on the basis of documents and information provided by the PTP, SLAB is of the opinion that an assessment cannot result in accreditation, the applicant PTP shall be informed in writing giving reasons.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 7 of 20

All information of the PTP shall be kept strictly confidential. In the case of appointing internal staff for document and record review, assessments and other accreditation process related activities, confidentiality & impartiality related matters are covered under the conditions of appointment of SLAB staff and signed confidentiality & impartiality statements by the relevant SLAB staff.

SLAB may request for additional information/ clarification(s), if necessary, from the applicant PTP. If, on the basis of documents and information provided by the PTP, SLAB is of the opinion that an assessment cannot result in accreditation, the applicant PTP shall be informed in writing giving reasons.

The SLAB's policies, processes /and procedures are non-discriminatory and applied in a nondiscriminatory way. SLAB makes its services accessible to all applicants whose application for accreditation falls within the scope of its accreditation activities as defined within its policies and rules. Access shall not be conditional upon the size of the applicant PTP or membership of any association or group, nor shall accreditation be conditional upon the number of PTPs already accredited.

4.4 Appointment of Authorized Officer for Resource Review

Once the registration of application is completed with required documents, Technical Manager of accreditation scheme for Proficiency Testing appoints one of competent Assistant Director/Deputy Director (Accreditation) as Authorized officer for the application and continue of accreditation process.

A resource review (technical review) will be carried out by the Authorized officer in consultation with Technical Manager and collect additional information from the PTP, if required. Authorized officer may indicate in the application form the additional information to be collected if required, for the assessment.

If relevant resources are not locally available steps will be taken to obtain resources through another accreditation body with the consent of the PTP. If the initial assessment cannot be conducted in a timely manner, this shall be communicated to the PTP. Authorized Officer will contact the PTP with respect to application and further information required, if any. Authorized officer is the contact person of SLAB for the applicant PTP.

4.5 Document and Record Review

4.5.1 Appointment of Assessor/ Team Leader

The SLAB shall appoint a competent internal Assessor/Team Leader from the pool of assessors to carry out document and record review on the documented management system adopted by the applicant PTP.

4.5.2 Adequacy of Management System Documentation

As stated in section 4.1, the preliminary scrutiny of the application and quality manual is done by SLAB. If there are gross inadequacies, the quality manual will be returned to the PTP for re-writing. If it appears to be in order generally, a copy of the quality manual and associated documents along with a copy of the application of the PTP shall be forwarded to the assessor /team leader to study in depth and verify the compliance in accordance with criteria for PTP Accreditation.

The assessor/ team leader, within a month, shall inform SLAB regarding the adequacy of the quality manual with a report, indicating inadequacies (if any) in the quality manual which should be communicated to the applicant PTP. The PTP shall amend the manual and also implement the

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 8 of 20

management system accordingly. Based on this feedback the PTP shall take corrective actions and submit objective documentary evidence for corrective actions taken for deficiencies before not later than three months.

If the PTP satisfies the relevant requirements at the adequacy assessment stage or after the PTP has taken necessary corrective action based on the adequacy assessment, the assessment process will move into the two next steps of the accreditation process.

The document and record review process shall be satisfactorily completed within six months.

If, on the basis of documents and information provided by the PTP, SLAB is of the opinion that an initial assessment cannot result in accreditation, the applicant PTP shall be informed in writing and the documents concerned will be returned to the PTP for necessary improvement. If the outcome of the document and record review is not satisfactory, SLAB may decide not to proceed with the application. In such cases, results with justification shall be reported in writing to the PTP.

4.6 Appointment of Assessment Team

Towards the task of on-site assessment, the Team leader shall be assisted by a team of Assessors/technical experts who will be appointed by SLAB as appropriate with the scope of accreditation and in accordance with the criteria adopted for the selection of assessment team.

The SLAB shall propose the composition of assessment team. The PTP may lodge an objection in writing against specific team members with justifiable valid reason to do so. Such an objection shall be reviewed by the technical manager to determine the validity of the objection to ensure the impartiality and credibility of accreditation process.

If the objection is found to be valid a new team or a new member is nominated in place of the member(s) in question. If no replacement is available, it is possible that the visit will be postponed, or that a part of the scope will not be assessed until a suitable replacement is found. SLAB may also nominate one of its officers to participate in the assessment, unless an officer is appointed as an assessor/observer/staff officer during the on-site assessment to convey his/her opinions to the Team leader and to provide clarification on the international standard and SLAB specific criteria (if any) to the assessment team and keep coordination with SLAB whenever necessary.

In addition, assessment team may consist witnessing assessor from SLAB to evaluate the performance of SLAB assessors.

4.7 Onsite assessment plan

The SLAB contacts the PTP to agree on the date(s) and schedule for the assessment. Based on this SLAB prepares the assessment Plan (PT-PL-01) and the composition of the team and send it across to the PTP well in advance. Authorized officer of SLAB will inform PTP regarding the witnessing of activities related to PT activities performed at the assessment. For this purpose, PTP shall include possibilities of witnessing of outsourced PT activities by the accreditation body assessors into contractual agreements with subcontractors and other related personnel and bodies providing external services, if any.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 9 of 20

4.8 Onsite Assessment

The onsite assessment will be carried out two stages namely Pre-assessment and Initial Assessment (Initial Assessment is the Final Assessment for the grant of Accreditation). During both these stages, witnessing of PT Activities during the assessment of the applicant PTP's or subcontractor may be required. Although there are no strict demarcations for these two assessments, the objectives of these assessments may be expressed in the following manner. On site assessments consist of an opening and a closing meeting with assessment team members and key personnel of the PTP. Therefore, PTP shall arrange required facilities to conduct meetings and the assessment.

The assessment team shall commence an on-site assessment with an opening meeting at which the purpose of the assessment and criteria are clearly defined and the assessment plan and the scope for the assessment are confirmed. During the assessment, the assessment team will assess the documentation and implementation of the management system as well as the competence of the PTP and its subcontractors in accordance with accreditation criteria mentioned under section 2.1 of this document. In doing so, the assessment team will select a representative sample in the areas within the scope of the accreditation including reports of PT programmes conducted by the PTP. The PTP shall demonstrate that it is competent in all the activities at all sites including temporary, mobile or other for which accreditation has been requested and provide satisfactory evidence for the competency of its subcontractors, if any. With regard to the management system of the PTP, the assessment team shall be able to assess at least one complete cycle of the internal audit and management review.

4.9 Pre-assessment

In case there are no inadequacies in the quality manual or after satisfactory corrective action by the PTP, a pre-assessment visit of the PTP shall be organized by SLAB. PTP must have eventually conducted at least one PT programme for each PT Scheme applied for accreditation and an internal audit and a management review before the pre-assessment.

The pre-assessment of the PTP is conducted to:

- a. evaluate deficiencies (if any) in the implementation of the management system.
- b. assess the degree of preparedness of the PTP for the assessment
- c. study the scope of accreditation so that the time frame, number of assessors required in various study fields and visits to sites associated with studies, if applicable, for the assessment can be determined.

Pre assessment is conducted by a Team leader/Assessment team which consists Team leader/Assessor/ Technical assessor/Technical expert. If required, on site witnessing may also be arranged at the pre assessment stage. At the end of pre assessment, assessment team complete pre assessment report and deficiencies identified during the pre-assessment and obtain the acknowledgement for recommendation and findings from the Proficiency Testing Provider. Assessment team verifies the man day requirement for the initial assessment and propose and report required changes and planning of initial assessment. The team leader shall submit a pre-assessment report to the PTP at the end of assessment.

The PTP shall take necessary corrective action for the deficiencies and submit documentary evidences within two months. On request with justifiable reason, an extension of two months will be given. However, if the PTP submits corrective actions within four to eight months and wishes to continue the application, a fresh pre-assessment shall be conducted. Any failure to submit corrective actions within eight months, application shall be discontinued and inform the decision to the applicant PTP.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 10 of 20

Upon the successful completion of pre assessment, PTP shall be notified and request to prepare for initial assessment.

4.10 Initial Assessment

After the PTP confirms the elimination of inadequacies of pre-assessment, SLAB shall propose composition of an assessment team. The team shall include the Team Leader (already appointed for pre-assessment or a new team leader), the assessor(s)/ technical expert(s) in order to cover various study fields within the scope of accreditation sought. In case of certain specific or types of study fields, it may be necessary to obtain the services of an expert, who may not be a trained assessor under SLAB scheme.

As per the SLAB procedure for qualifying assessors, the potential assessor who has successfully completed the 5 day training course shall be given an opportunity, to be an observer/ assessor trainee in the assessment team. On completion of five (05) man days, unless changed otherwise as a trainee assessor he / she can be considered for independent assessment provided his / her performance has been found satisfactory by the Team Leader.

Thereafter SLAB shall fix up dates for on-site assessment of the PTP in consultation with the PTP, the team leader and assessor(s). SLAB may also nominate one of its officers or trainee assessors to participate in the assessment as an observer during the on-site assessment to convey his / her observations as a training component to the team leader and provide clarification on SLAB accreditation process/ specific criteria to the assessment team, whenever necessary.

The PTP is informed about the assessment team. A copy of this communication is sent to the members of assessment team, along with the requisite documents. The assessors are required to reach the place of assessment, well in advance of the scheduled time of the assessment.

The assessment team reviews the PTP's documented management system, information on PT Programmes under scope and verifies its compliance with the requirements ISO/IEC 17043, specific criteria of SLAB. The documented management system, SOPs, PT Protocols, Reports, Data analysis, Work instructions etc. are assessed for its implementation and effectiveness. The PTP's technical competence to carry out PT Programmes applied for accreditation and compliance against ISO/IEC 17043 is assessed and summary of assessment and non-compliances, if identified are reported in the assessment report and nonconformity forms.

The assessment report shall contain the evaluation of technical manpower, all relevant material examined, PT programmes reviewed and conclusions on such reviews and witness against work procedures & PT activities, assessment of competency of subcontractors, SOPs and non-conformances, if any. It shall also provide a recommendation towards grant of accreditation or otherwise. The assessment report is prepared by the team leader, in the formats prescribed by SLAB (PT-FM-17).

At the end of each assessment, a closing meeting is conducted to disclose findings of the assessment. Initial assessment reports contain, assessment report, scope of accreditation, recommended authorized signatories, nonconformities and other relevant assessment records.

Initial assessment report shall also provide a recommendation towards grant of accreditation or otherwise. Assessment team is not allowed to take decisions on granting accreditation. PTP shall submit corrective actions within two months with satisfactory documentary evidence. However, depending on the severity

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 11 of 20

of actions to be taken, PTP may take additional time up to one year from the date of Initial assessment, for taking suitable actions in agreement with SLAB.

If the corrective actions cannot be submitted for all nonconformities within one year another Initial assessment shall be arranged. If follow up assessment is recommended, it shall be conducted within six months from the date of Initial assessment and corrective actions for remaining non-conformities shall be submitted within two months.

If the corrective actions cannot be submitted within one year from the date of Initial assessment, another Initial assessment shall be arranged. Based on the corrective actions submitted the assessment team may recommend to conduct on-site verification of effective implementation of corrective actions.

In the event of appointing external Team Leader, SLAB will appoint an internal officer to coordinate with assessment team and SLAB as well as resolving management and logistic issues relevant to the assessment.

4.11 Assessment Techniques

The SLAB assessors use one or more combination of the following assessment techniques when conducting the assessment.

Document review: assessing quality system documentation for compliance with the criteria; a document review can also involve records at the PTP's location, such as personnel files, PT reports, PT Protocols ,PT related data, quality control charts, audit reports, management review reports, audit files etc.;

Office assessment: an assessment at the premises of the PTP or at sites or subcontractors where studies are carried out in order to assess the implementation of the system;

Interviews: evaluating the expertise of the PTP's personnel and personnel associated with PT schemes and data analysis via targeted interviews.

Witnessing: observation of tests, sample preparation, transportation, homogeneity testing or activities related to PT programmes and examination carried out by the PTP or its subcontractor.

4.12 Participation in external quality assurance activities

If applicable, the PTP provider or its subcontractor shall participate in external quality assurance activities as per SLAB policy for participation in external quality assurance activities (AC-RG (P)-02). It is the responsibility of PTP to make sure that the subcontractors providing testing, calibration and inspection meet PT requirements of relevant standard (ISO/IEC 17025, ISO 15189, ISO/IEC 17020).

4.13 Accreditation Decision

After satisfactory closure of all nonconformities, the SLAB prepares a summary of all relevant information gathered during the processing of the application, the assessment report prepared by the assessment team, additional information received from the PTP and the consequent verification activities. The summary report is placed before the accreditation committee which is appointed by the Governing

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 12 of 20

Council as per the provision of SLAB Act. The accreditation committee for testing, calibration laboratories, Proficiency Testing Providers and Good Laboratory Practice studies the assessment reports, nonconformities and corrective actions, scope of accreditation, final report and the recommendation given by the team and then makes its own decision on grant of accreditation.

The decision on the approval of grant of accreditation shall be submitted to the Council through Director/CEO, SLAB for information. The SLAB informs the PTP in writing of the decision taken. All decisions taken by SLAB regarding grant of accreditation shall be open to appeal by the PTP as per appeal procedure (GN-PR(P)-09) within 30 days.

4.14 Issue of Accreditation Certificate

When the recommendation results in the grant of accreditation, the Authorized Officer shall prepare the accreditation documents (Certificate, Scope, accreditation symbol, invoice for annual accreditation fee for the coming year from the date of accreditation and letter of granting accreditation). Before the grant of accreditation, the Authorized Officer shall obtain signatures on Terms and Conditions for Maintaining Accreditation (PT- RG (P)-03) from the PTP.

The accreditation certificate on PTP accreditation shall define field of PT Scheme, relevant products/matrixes, specific tests performed and specification / standard method or technique used, frequency, wherever applicable.

For PT activities carried out sites away from permanent facility of PTP shall also be clearly identified in the scope of accreditation accompanying the certificate. A unique certificate number shall be allocated to a PTP based on PT Scheme. If a PTP wishes to have one or separate certificates for different PT Schemes that should be communicated to the SLAB at the stage of application. Certificate, scope and letter of granting accreditation duly signed by the Director / CEO, SLAB is issued to the PTP. The applicant PTP must make all payments due to SLAB, before the certificate(s) is / are issued to the PTP.

The SLAB accreditation certificate shall be valid for a period of 3 years. On grant of accreditation, the PTP is able use SLAB mark on all its PT reports, Protocols for the PT Schemes which covered within the scope of the accreditation granted. SLAB accreditation mark may also be used on letterheads, brochures and any other material issued to its customers as per the Terms and Conditions for use of SLAB Accreditation Symbol (AC-RG (P)-01). However, PTP does not allowed to use accreditation mark on PT samples distributed to participants.

Misuse of the accreditation symbol by accredited PTP may lead to suspension or withdrawal of the accreditation. If non-accredited PTP uses the accreditation symbol, the SLAB can resort to legal action.

4.15 Post accreditation assessments

The SLAB accreditation certificate shall be valid for a period of 3 years unless specified by the SLAB. During the validity of accreditation, the PTP must continuously comply with the accreditation requirements specified under section 2.1 of this document and “Terms and condition for maintaining accreditation of Proficiency Testing Provider (PT- RG (P)-03). In this regard SLAB shall periodically review the validity of accreditation. To this end, the SLAB carries out surveillance assessments annually and a re-assessment within three years. During the accreditation period, the scope of the accreditation may be changed.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 13 of 20

4.16 Surveillance

The frequency of surveillance is one year from the date of granting accreditation. SLAB shall conduct annual surveillance of all accredited PTP or following surveillance activities may be decided by the Technical manager based on the risks associated with the activities;

- Special on-site assessment
- Review of changes to PTP's management system and studies covered under accredited scope
- Review of performance in proficiency testing and/or other inter-laboratory comparisons, if applicable
- Conduct advanced surveillance assessment
- Review of PT reports conducted by PTP

Surveillance is aimed at examining whether the accredited PTP is maintaining all the accreditation requirements of the SLAB. As planned in the assessment schedule, Authorized officer of SLAB shall inform in writing the accredited PTP of the surveillance assessment at the beginning of the year and agree on the dates of surveillance assessment before the due date of assessment.

The PTP during the validity of accreditation may request to extend the scope of accreditation for which they should preferably apply three months before the conduct of assessment/ surveillance. The mode of surveillance visit is similar to the initial assessment and it will cover only selected areas. The non-conformities, if any, shall be closed within two months of conduct of surveillance.

The summary of the surveillance report along with other relevant information shall be submitted to the Director / CEO, SLAB to make a decision on the continuation of accreditation or otherwise. SLAB shall inform the PTP, in writing, about the decision. If there are remaining nonconformities with a justification by the Technical manager considering the associated risks, a letter of continuation of accreditation may be sent to the PTP with conditions or suspend accreditation relevant to the particular nonconformity.

When a follow-up assessment is recommended and conducted, documentary evidence for corrective actions for remaining nonconformities/ new nonconformities, if any shall be sent to the SLAB within a month unless there is any issue which may be compromised with reasonable justification. On practical situations, faced by either party with reasonable justification, the maximum time that should be allowed for advancing or delaying the annual surveillance shall only be three months from the planned surveillance assessment.

4.17 Reassessment and renewal of accreditation

As planned in the assessment schedule, Authorized officer shall inform in writing the accredited PTP of the re-assessment at the beginning of the year. Accredited PTP shall apply four months before the expiry of accreditation for renewal of accreditation as per the terms and conditions for maintaining accreditation of Proficiency Testing Provider (PT-RG (P) -03).

Application for renewal of accreditation is similar as initial application described above 4.1. Re – application shall be accompanied with the application fee as described in the fee structure. The PTP may request for extension of scope of accreditation, which should be explicitly mentioned in the application form.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 14 of 20

The procedure for processing of renewal of application is similar to that of first application except that no pre-assessment is conducted and likewise, the procedure for the on-site reassessment visit is similar to that of initial assessment. If the results of reassessment visit are positive and all non-conformances are closed before the expiry of the validity of accreditation certificate, then the validity of the certificate is extended by a further period of three years without any discontinuity unless specific by the SLAB.

In case of renewal, a new certificate and schedule of accreditation is issued while the certificate number is retained. The decision on renewal of accreditation is also taken by the accreditation committee as described in section 4.13 of this document.

4.18 Supplementary/ Special assessments

The SLAB may organize supplementary/ special visits under the following circumstances:

- Repeatedly find nonconformities or many nonconformities during the surveillance/ reassessment which directly affect to the credibility of accreditation.
- Receiving complaints that are substantiated with facts or on instances where the PTP is found to be misusing the certificate/ accreditation symbol.
- Based on public complaints, publications or information from interested parties and the government.

The Director/CEO, SLAB with the recommendation of Technical manager may decide to carry out special assessments at any time during the period of validity of accreditation. The execution of special assessments may take place with no prior notification or with very little time between notification and execution.

Special assessment may also become necessary when changes occur in accreditation criteria, organizational structure and in management/ ownership/ authorized signatories and changes to PT Schemes. However, in these cases, the SLAB will give PTPs sufficient time for preparation. All costs associated with special assessments will be charged to the PTP.

4.19 Changes in the accreditation / Specific criteria

If there is a change in the accreditation criteria (ISO/IEC 17043) or specific criteria of SLAB, SLAB shall inform the PTP in writing indicating the transition policy with specific period for complying with new criteria. Upon receiving such information, the PTP must confirm to SLAB’s transition policy on implementation of changes. SLAB may assess the implementation of changes during surveillance and re assessments or conduct special assessment.

4.20 Changes affecting the laboratory operations

In the event of the PTP informing SLAB about any changes affecting the PTP’s activities and operations, SLAB may organize a supplementary/ special visit. PTP shall communicate this with relevant documentary evidence. The final decision is communicated to the PTP along with an amended certificate and schedule of accreditation. The costs associated with the issue of amended certificate and schedule will be charged to the PTP.

In case of changes in key managerial/ technical personnel such as Quality Manager/ Technical Manager, Authorized signatories and Signatory for terms and conditions, a special visit is organized, SLAB shall call over responsible personnel to the SLAB, interview them and then communicate with them in writing regarding their acceptability for respective work. The above changes shall be reviewed at the next assessment and updated accordingly.

Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 15 of 20

4.21 Reduction of the scope

During assessments by the SLAB, the accredited PTP shall demonstrate that it complies with all accreditation criteria regarding the entire scope and that it has complied with these criteria from the date on which accreditation was granted.

If a PTP is of the opinion that parts of the scope no longer conforms to the accreditation criteria or particular study is completed, it is expected that the PTP will terminate the relevant part of the scope itself. If during an assessment it becomes clear that it is necessary to reduced accreditation for parts of the scope, the SLAB will also review the validity of the remaining accredited scope.

In order to demonstrate that a PTP has complied with and is complying with the criteria for the complete scope of accreditation, the PTP shall be able to provide records of the activities carried out. During SLAB assessments, these records shall demonstrate that the procedures for carrying out specific activities have been applied correctly by qualified personnel in the past year.

The concerned part of the scope shall be reduced if records do not demonstrate this. If this means that the entire scope is withdrawn, then the entire accreditation is withdrawn. However, the PTP concerned can again be granted accreditation for the standard and the scope involved, under the same registration number after submission of application as scope extension and a full assessment of areas reduced.

4.22 Extension of scope

At any given moment, the PTP can request an extension of the scope to new study fields. To this end, a written application shall be sent to the SLAB. An assessment for extension of scope will not be initiated, if nonconformities are currently open in related parts of the scope or in the general management system of the PTP.

The SLAB distinguishes between extension within and extension outside the scope already accredited. Extensions of the scope that fall within the framework of the same accreditation standard will be considered extension within the scope and if not, it will be considered otherwise. Requests for accreditation involving a different accreditation standard/ fields shall be treated as a new application. Depending on the size and nature of the extension requested, the extent of the assessment needed for the extension will be determined by SLAB on a case by case basis. All costs for extension of scope will be charged to the PTP.

4.23 Transfer of accreditation

If the ownership or name of an accredited PTP change, the accreditation may be transferred to the new owner or to the new name if the PTP involved make such requests in writing. For such a transfer the following pre-conditions apply:

- The PTP remains operating within the legal and regulatory framework of the country in which it operates
- The policy and management system remain unchanged
- The management and key personnel remain unchanged
- The former owner does not remain active in the same sphere of activity or a similar area under the old name or a related name
- The general composition of the PTP's personnel remains the same
- The basic infrastructure and other facilities are not compromised

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 16 of 20

The PTP shall provide the SLAB with the necessary documents showing that the above conditions are met. The costs for reviewing the documents/ conducting onsite review will be charged to the PTP. If all requirements are met, the new PTP retains the registration/accreditation number and receives the new accreditation documents. The surveillance and re-assessment schedule will remain unchanged.

5. Obligations

5.1 Proficiency Testing Provider

5.1.1 General

A PTP shall always comply with the relevant regulations and accreditation criteria. This not only applies to accredited PTP but also to PTP whose accreditation has been suspended.

5.1.2 Co-operation

The PTP shall provide the SLAB assessment teams with all the necessary support in order to carry out their work efficiently, safely and honestly, whereby:

- It shall be possible to check the compliance of the PTP’s management system within the criteria
- It shall be possible to gain insight into the relationship between the documented system and the Standard via an up-to-date review
- It shall be possible to observe the activities at the PTP and related sites
- The PTP shall provide the assessment team with the necessary safety instructions, safety equipment & personnel protective equipment
- If requested, the PTP shall provide access to all relevant locations, equipment, dossiers and documents related to studies
- In case the assessment of SLAB requires the participation of clients/ /external service provider or other related bodies of the PTP, the PTP shall take measures to assure this participation; in particular PTP shall have enforceable arrangements with its clients/external service provider holding an accredited certificate, to ensure SLAB access to witness the PTP’s compliance at the PTP’s client’s/external service provider’s/subcontractor’s site.
- Assessors of SLAB shall not be put in a position where their independence and objectivity could be compromised.

5.1.3 Reporting Changes

The PTP shall inform the SLAB immediately of every change that can have considerable impact on the activities covered by the scope. Such changes may be of following nature:

- Changes in the legal, commercial or PTP’s organizational status
- Changes in the sphere of activities or economic activities of the PTP
- Change in management and in structure
- Policy changes
- Changes in personnel that fill key positions, such as Authorized signatories, Quality and Technical managers and decision-makers

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 17 of 20

- Changes in location and other resources that can have a significant influence on the accredited activities carried out
- Significant changes in working procedures

If a PTP expects the changes to have a temporary negative effect on the accredited activities, then the PTP can request a voluntary suspension. In case of that the SLAB possesses the right to carry out extra assessments to ensure that the PTP again complies with the accreditation criteria before lifting the suspension. If during a surveillance activity of SLAB, it is found that SLAB was not informed about changes may decide to extend the assessment to review the changes and their impacts.

5.1.4 Financial Obligations

The PTP will receive an invoice for all the accreditation activities carried out by the SLAB. The amount invoiced will depend on the number of man-days worked; the applicable fee and other costs be found in PT-RG (P)-01. A PTP shall take prompt actions to settle such payments. If a PTP does not make payment on time, the SLAB sends a reminder. If payment still not made then, the suspension procedure will begin. If there are payments outstanding during the initial phase of the accreditation process, the SLAB has the right to halt the accreditation process until payment is done.

5.2 SLAB

5.2.1 Behavior of Assessment Teams

The assessment team will limit its assessment activities to an investigation of whether the PTP complies with the applicable criteria. In doing so, Assessors will make use of the relevant criteria documents, scope-related documents (including standards, descriptions of methodology, diagrams etc.) and generally accepted interpretations. Assessors may not accept any gifts, presents etc. from PTPs that may compromise their neutral role in assessments. Assessors shall follow the health and safety instructions of the PTP being assessed.

5.2.2 Confidentiality

SLAB shall treat all the information obtained or created during the accreditation process of PTPs /sources other than the PTPs as strictly confidential, unless otherwise required to be disclosed under a requirement of sponsors or a legal or regulatory framework and unless agreed by the source. Legally enforceable agreements are made available to safeguard the confidentiality of the information obtained in the process of accreditation at all levels of SLAB including the staff of SLAB, committees, service providers, assessors, or other bodies or individuals acting on behalf of the SLAB.

Confidential information related to any PTP and studies shall not be disclosed, outside the SLAB without written consent of that particular PTP, unless otherwise required by law or particular sponsor agreed under contractual arrangements. Any information about a PTP obtained from other sources is not shared with that PTP, unless agreed by the source.

6. Suspensions, Withdrawals and Reductions

Suspension, Withdrawal and Reduction of scope of accreditation arises, in the event of a PTP persistently failing to meet the requirements of accreditation criteria, and/or violating the Rules and procedures and Terms and Conditions agreed upon at the stage of granting accreditation. On CAB's request, the scope

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT				
Title: Rules & Procedures for accreditation of proficiency testing providers			Doc No: PT-RG (P) -02	
Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 18 of 20

may also be suspended, withdrawn or reduced. SLAB shall take decision on suspension of accreditation for a maximum of four months or Withdrawal/ Reduction of accreditation with immediate effect. Any failure to rectify the issues related Suspension within the given period, accreditation shall be withdrawn/reduced with immediate effect. The decision will be informed to the PTP and published in the web site. SLAB may issue a revised certificate/schedule of accreditation.

6.1 Suspensions

During the suspension period, the PTP may not make use of the accreditation symbol or in any other way actively refer to the accredited status of its research activities. A suspension is lifted if an additional assessment shows that the reason for the suspension no longer exists. If the suspension period ends without this being the case, the SLAB implements the withdrawal procedure. In exceptional cases, the Director/CEO, SLAB may extend the period for further period of six months. A PTP may request a voluntary suspension from the SLAB if it is temporarily unable to comply with the accreditation criteria. In such circumstances, the PTP is not permitted to make use of the logo or refer to the accredited status. It is not possible to submit a request for a voluntary suspension during the period that a SLAB assessment is being carried out.

6.2 Withdrawals and reduction

The accredited PTP and the SLAB can withdraw/reduce the scope of accreditation. From the moment of withdrawal/reduction, the PTP will have to refrain from using the accreditation symbol or otherwise referring to the accredited status for the full/part of scope of accreditation.

In such situations the certificates issued under SLAB accreditation shall also have to be withdrawn/re issued. If PTP wishes, for whatever reason, to terminate its scope of accreditation in full/part, it shall submit a request to the SLAB for voluntary withdrawal/reduction in writing.

Withdrawal shall apply to the entire scope and reduction shall apply for the part of the scope. The SLAB confirms the withdrawal/reduction in writing. When SLAB determines that a suspension of full/part of the scope of accreditation, has not been lifted within the applicable period or if evidences are found to substantiate that the PTP brings the Accreditation into grave disrepute, the SLAB will impose the withdrawal/reduction. SLAB informs the PTP of the withdrawal/reduction in writing. After a withdrawal, the SLAB will not accept an application for accreditation from the same PTP within a period of six months.

7. Disputes, complaints and appeals

7.1 Disputes

The SLAB defines a dispute as difference of opinion between the accredited or applicant PTP and the SLAB with regard to:

- The interpretation of a requirement of a standard;
- The working procedure of the SLAB.

The PTP can report the existence of such dispute to the Director/CEO, SLAB in writing. The Director/CEO, SLAB will consult with the parties involved and with the Technical Advisory Committee and takes a decision. The decision will be communicated to the parties in writing.

SRI LANKA ACCREDITATION BOARD FOR CONFORMITY ASSESSMENT

Issue No: 01	Date of Issue: 2020-07-14	Rev No: 00	Date of Rev:	Page 19 of 20

7.2 Complaints

The SLAB distinguishes two types of complaints:

- Complaints about the SLAB and its Assessors.
- Complaints about registered or accredited PTPs.

In both these cases Director/CEO, SLAB or the panel appointed by him/her will investigate the complaints. The complaints will be handled in accordance with the Procedure for Complaint handling (GN-PR(P)-08), which is available on SLAB website.

7.3 Appeals

PTPs are free to make appeals against decisions taken by the SLAB such as appointment of assessors, grant of accreditation, reduction/ expansion of scopes, suspensions/ withdrawal etc. All such appeals will be dealt with in accordance with the SLAB procedure for dealing with Appeal (AC-PR(P)-09) which is available on SLAB website.

8. Publicity

SLAB shall publish the details of scope of accreditation & accreditation status of the accredited PTPs along with their contact addresses and suspension/withdrawal of accreditation status in SLAB web site. SLAB posts all Rules and Procedures, Terms and Conditions, Fee Structures, Specific Criteria's and Applications and supporting documents and subsequent changes in the SLABs official website. PTPs are required to implement such changes as per instructions given by the SLAB.

9. Liability

SLAB shall not be responsible for any damages, which the PTP may suffer as a result of any action or negligence by those who are carrying out the tasks on behalf of SLAB and any failure to the grant of accreditation or abeyance/suspension/withdrawal of the accreditation, and neither shall SLAB be held responsible for any damage whatsoever, caused to any party by the acts of PTP. PTP shall have adequate provisions (Insurance coverage or reserve) to cover liabilities arisen from its operation as well as lost or damages to PT items /samples related to PT programmes.
